PROFESSIONAL SUMMARY

Front-End Engineer with **4+ years of experience** building reliable, scalable, and responsive web applications across Fintech, Healthcare & Startups. Specialized in modern JavaScript frameworks including **React, Next.js, Redux Toolkit, and TypeScript**. Proven track record in converting complex UI designs into pixel-perfect interfaces, digitizing manual operational workflows, and optimizing REST APIs in agile environments.

WORK EXPERIENCE

PassionTree Care Services — Frontend Developer **July 2025 – Present**
United Kingdom (Remote) | Full-time

- Engineered **Enmero**, a service-user tracking and management system replacing fully manual operational processes with an automated digital workflow for healthcare administration.
- Built a centralized **PPE Inventory System** enabling care staff to submit requests, monitor fulfillment progress, and review request history, significantly reducing supply delays.

e-Station — Frontend Developer **Dec 2024 – July 2025**
Iraq (Remote)

- Led front-end development for enterprise web application features and administrative dashboards.
- Integrated third-party APIs for 2FA authentication, transaction alerts, and carrier billing solutions.

Helicode — Frontend Developer **Aug 2024 – Dec 2024**
Lagos, Nigeria (Remote)

- Leveraged TypeScript, Next.js, and Redux Toolkit to build a scalable web3 educational platform.
- Enforced best practices in frontend architecture, reducing technical debt by 15%.

Ceeride — Frontend Developer **Feb 2024 – July 2024**
Port Harcourt, Nigeria (Remote)

- Built mobile-friendly interfaces for transport management, driving a 25% efficiency improvement.

AFEX — Frontend Developer **Jan 2023 – Dec 2023**
Abuja, Nigeria

- Developed the budget management MVP with Next.js, reducing developer onboarding by 30%.

KEY PROJECTS

• **Enmero** (app.enmero.com): Healthcare service-user tracking system replacing manual workflows with digital automation.

• **AskForPPE** (askforppe.com | admin.askforppe.com): PPE inventory and requesting platform for care staff.

• **Ceeride** (ceeride.com): All-in-one transport management solution for commuters and drivers.

• **Helicode** (helicode.xyz): Web3 educational platform with card, wallet, and crypto payments.

• **Seekool** (seekoool.com): Eyewear e-commerce platform allowing frame and lens customization.

• **Sooseed** (sooseed.com): Crowdfunding platform connecting donors with campaigns and causes.

TECHNICAL SKILLS

Frontend & Languages: React.js, Next.js, TypeScript, JavaScript (ES6+), HTML5, CSS3, TailwindCSS

State Management & APIs: Redux Toolkit, RTK Query, Axios, RESTful APIs

Tools & Workflow: Git/GitHub, Responsive Design, Agile Methodologies, Cross-Device Optimization

EDUCATION

Olabisi Onabanjo University — Bachelor's Degree: Geology **Nov 2017 – Jan 2022**
